Dear

Thank you for sending me a commissioned report on *Non-communicable Chronic Diseases in India – 'A Study of the Gaps, Quality and Cost of Care'*.

The report gives an insight on the care practices and cost of care for chronic diseases which indeed, will endow with priceless references with respect to diagnostic and treatment for cardio vascular diseases, diabetes and chronic kidney diseases in India.

I envisage healthier future of fellow Indians and extend my fullest support to your Foundation in minimizing the incidence and effects of chronic diseases in the society.

Warm regards,
